Sir,

I have the honour to request you to publish in your esteemed daily the following contents for which I shall be very grateful to you.

**Central APDA Condemns**

The doctors, nurses and other paramedical staffs are serving the society by looking after the sick and injured round the clock and saving many precious lives. Despite such commendable and yeoman services rendered by our medical and paramedical Staffs they are sometime at the receiving end of certain anti social elements. Hence the Central APDA strongly condemn the recent incidents of rape of one Nurse working at Sangram Sub centre (Kurung Kame Dist) and physical assault on Emergency Medical Officer on duty at General Hospital Naharlagun (Papum Pare Dist) and CHC Chowkham (Lohit Dist). Further the central APDA also appeals the concerned authorities to take appropriate action against those miscreants

Yours faithfully

(Dr T. Lollen)  
President APDA.
